

Ashe Community Paramedic Program

'Building Bridges'

Bridging Gaps to Optimum Health in Ashe County, NC

Speaker: Cody Darnell, Coordinator

When: July 31, 2018

Where: Ashe Service for Aging

Time: 11:30 am

Paramedics will be trained to provide:

- Basic primary care services in non-urgent settings (in or out of the home)
- To identify gaps in health care service
- To facilitate the connection of clients to existing resources
- To provide follow-up care for selected clients with chronic diseases referred by primary care providers and/or hospital

Program Benefits:

- Better access to health care
- Fewer gaps in health care services
- Fewer unnecessary 911 call and trips to ED
- Improved patient satisfaction

Services Include:

- Medical Assessments
- Home Safety Assessments
- Wound Care
- Referrals
