

MEDI HOME HEALTH *and Hospice*

Honoring Choices Advance Care Planning Clinic Presentation

Date: March 13th, 2019

Time: 11:30

Where: Ashe County Senior Center

Who: Josh Sturgill

Deciding your own health care treatment is one of the most important choices you can make. Josh Sturgill from Medi-Home Health & Hospice will be talking about why advance care planning is important and why the Honoring Choices clinic is helpful.

Please plan on attending the presentation. Leaving last minute decisions to family members can be difficult and stressful in a time that is stressful and heartbreaking enough.

Advance care planning is a true gift and an expression of love to your loved ones.
